

# Exceptional Kids

May 2011

Spring is now upon us. For many this signals the end of the school year and the beginning of summer break. This is a time when change happens to routine, structure, and playmates. Change, when seen as merely a shift, is a good thing. Summertime brings with it a time of exploration, wonder, and adventure. It is a fantastic time for personal growth and experimentation for all that is new.

---

## An 'Exceptional' Quote

"I like nonsense, it wakes up the brain cells. Fantasy is a necessary ingredient in living, it's a way of looking at life through the wrong end of a telescope. Which is what I do, and that enables you to laugh at life's realities."

Dr. Seuss

## 'Exceptional' Finds

**Rare Earth: Chemical Element Card Game**
